

Newy Burger Co's Charity Focus

The team at Newy Burger focus all their charity efforts on assisting Newcastle families with children battling cancer and supporting local. Our good karma fundraising has assisted Newcastle families, the Ransoms with little Kane, the Danvers and their angel Caprice, Teddy (Andrew) who lost his battle with motor neuron disease and little Evie who lost her mum Gabbie to cancer.

We are passionate supporters of Newcastle businesses and in particular those that like us have been impacted by the disruption over the years. The last 7 years has seen us host major fundraisers, karma kegs and numerous raffles and auctions, our kindness drive through covid and many more initiatives, all of which would not be possible without the support of local businesses and our fantastic regulars at Newy Burger Co.

Newy Burger Co's main fundraising focus moving forward is to continue to fundraise to support those that are battling with cancer through Newcastle local Good X Karma charity. Xavier Neil (Creator of Good X Karma) is a 10-year-old Newcastle local who is doing everything possible to rid the world of cancer. His fundraising project sees him make soaps and lip balms that he sells at local stores along side being apart of Surf February for the past 3 years (where you surf every day in February) To date Xavier has raised over \$60,000 through his fundraising, all of which is donated to Chris O'Brien Lifecare (specialist cancer hospital in Sydney)

To date Newy Burger Co has raised over \$200,000 to assist these families and others in the Newcastle region and will continue to support as much as we can.
