

### **Newy Burger Co's Charity Focus**

The team at Newy Burger focus all their charity efforts on assisting Newcastle families with children battling cancer, currently our little guy is Kane whom is 8 and is unfortunately battling his second round of cancer.

Four-and-a-half years ago we were introduced to Kane Ransom whom was battling leukaemia, we both have kids and Ben's little boy was about the same age as Kane. We wanted to do something to assist the Ransom family and came up with the idea of the Newy Burger Co good karma fundraising.

Our good karma fundraising has assisted Newcastle families, the Ransoms with little Kane, the Danvers and their angel Caprice, Teddy (Andrew) who lost his battle with motor neuron disease and little Evie who lost her mum Gabbie to cancer.

We are passionate supporters of Newcastle businesses, the last 5 years has seen us host major fundraisers, karma kegs and numerous raffles and auctions, all of which would not be possible without the support of local businesses and our fantastic regulars at Newy Burger Co.

The Ransoms will continue to be our fundraising focus to assist in supporting Kane during his second battle with cancer along with other initiatives at our Newcastle restaurant and at events with our food truck.

We thank you for your support and request, the team are unable to further look at contributing to additional charity requests at this stage. If you were looking at a fundraising event and wanted us to be involved onsite for catering, we would be happy to review.
